Dwight C. Graves, M. Div., Pastor

6/16/3

Honorable Judge's Cobb County;

We are appalled and disappointed about the recent dismissal of Mrs. Wanda Spann, former Director of Pre-Trial Services. We have learned that this employee with twenty plus years of documented outstanding service in her records has been fired. We will not stand idly by while one of our fine members of the community has her reputation ruined, her dignity degraded and her character tarnished.

We are aware of the Judges who voted to dismiss her and those who did not prevent what we consider an injustice. We feel duty bound to inform the community and the members of our respective congregations of what has happened. In addition, we will encourage our members to show their displeasure at the upcoming and future elections.

Respectively,

Dwight C. Graves
