

Please note, Howard "Skip" Chesshire, Superior Court Judge Mary Staley, and Chief Magistrate Judge Frank Cox have all stated Cobb County Pretrial Court Services was placed under Magistrate Court in 1985. **This is absolutely false.**

Wanda Spann stated in her affidavit:

In 2004 the Clerk of the Georgia Supreme Court told me there was no record of any filings or approval for Rule changes for Cobb County. (See Exhibit 3). She then gave me documentation confirming her statement.

I met with the Supreme Court Clerk again in 2005 to determine whether or not the 1985 order had been filed and approved by the Georgia Supreme Court, and again I was told it had not been filed. The clerk later forwarded a letter to me stating, the Court wants to maintain their policy of certifying only what they have. (See Exhibit 4)

Please refer to the letter from the Georgia Supreme Court and the confirming documentation on the next pages.
